The 1953

EL DORADOAN

Remember all those long serious talks we use to have. Say, did we ever discuss the facts of life. Didn't know a darn thing did we?

Dear Joyce,

See! Whew! Seniors at last, didn't think we would ever make it. But we did & now we're almost through our senior year. I taught if I or you either will ever forget all the wonderful times we had, starting when we were sophomore & continuing to have fun up to the very last.

Remember all those super slumber parties? Gads how could you forget? We really raised cane! How about that one when we went up to Bill Brights about 2:00 oclock in the morning & threw rocks at his window? I thought that woman next door was going to call the Police for sure. I bet a bunch of girls never ran faster then we did. Then too, the slumber party we did the hokey pokey out in the middle of the street real early in the morning. Remember all the fun we had double dating? Pat Hudson really embrassed us that night after the "E" Club Banquet when we where juniors. Such summer was a gay old time. I bet no one tried harder than we did to get a tan. Even laid out in your back yard for hours. Gamble is you got a good one & I didn't even turn a light cream color. Maybe it is so good to look back instead of foward, but just reminising won't hurt. I hate the thaught of what next year will bring. Our bunch of girls will be all split up. Some of us will go to Juco but it will never be the same as these last three years. There's so many things I'd like to say but space is scarce & I think you probably feel the same as I do towards graduation. Need I say you've been a wonderful ~~ton~~ friend? You really have. A girl couldn't ask for a better one. Best wishes in everything you do in the future. You deserve the best of everything. Your friend always.

Love, Pat

Joyce Brower

Dear Joyce,

Gee! No more school. Doesn't that sound good? or does it? We sure have had a wonderful time this year and all the others. It sure is gonna seem odd not to have to go to school next year though won't it? Remember all the good times we've had these past years at Playmor and slumber parties and etc.

I could probably go on all night naming all the mean things we did and how much fun we've had but I better hadn't.

I'll never forget the time we went out to "54" after the Mother-Daughter Banquet. Then again at the Glams + Band Banquet when we kept singing and how Miss Barbour got rather disgusted with us. That last song wasn't very appropriate though was it?

Well, Joyce, I've about run out of things to say and my mind is rather blank at the present time. Some people would think I was tight the way I'm writing this letter at a slant. Really I'm not.

I sure hope to see you a lot this summer and we can have gobs of fun. Maybe we can go over to Courtney's someday when its quite a bit warmer than it was today. We sure had fun today though, even if the weather wasn't very pleasant.

Be Good and I'll see you around.

Love Ya!

It's All Over But the Memories for the Class of '53

CLASS OFFICERS: Charles Faulconer, vice-president; Joy Cooper, treasurer; Jerry Peterson, president; Shirley Baum, secretary. (Reversed)

Dear Joyce,

Katy, the Kindergartener crept timidly into school, her eyes filled with tears of fear and wonder. Twelve years later, after having been given a few prods and gentle nudges, she now walks proudly out of her alma mater with stars replacing tears in her eyes. Our Katy is symbolic of the Class of '53. Since they first stepped into school a depression has ended and a World War has been fought and won, but most important of all this class has firmly put its mark on the world.

When the newness of school began to wear off, the homework became monotonous and some of those nudges became downright shoves, they were always thinking up some way to make their trek through the realms of education a little easier. Consequently, the parties, pep rallys and other gay times have left a mark on their memories that is never to be forgotten.

If you asked any member of the senior class the question of whether this job was worthwhile, I'm sure your answer would be in favor of the affirmative. They have waited patiently for those golden senior days, and now that they are here, it's hard to tell whether their tears are of joy or sadness.

The Katies and Billies of this year did not sit and mourn or exclaim over their fate, but took advantage of every opportunity to build for a better school. This they did in athletics, scholarship, forensics, music, agriculture, and every other field.

As our seniors of 1952 leave the halls of E. H. S., they can look back on their past with a feeling that their class had not only quantity, but a great deal of quality.

Graduates Cum Laude

The greatest scholastic honor acquired by a high school student is to become a Graduate Cum Laude. The members of this outstanding organization are not elected, but the records of each senior for four years are compiled and ranked. Those who rank in the upper ten percent become automatically the Graduates Cum Laude.

Heartiest congratulations for our two valedictorians, Kathleen Banks and Myrna Lewis; salutatorian, Jo Brazil; and all the Graduates Cum Laude of 1953.

Juniors working hard on an American history lesson. A corner of the typing classroom.

When the seniors leave E. H. S. in the spring, they always wonder how the jobs of running the school will be carried out after they are gone. This year there is little doubt in their minds. The juniors have proved themselves capable and willing to take the reins of the school.

The junior year is the best of all, we've been told. That underclassman-feeling is gone, and yet one year is left for their enjoyment. Our Class of '54 has made the most of these opportunities as we know it will in the future.

Dear Joyce: Best of luck, always to one of the finest drum majorettes our band has ever had. Your pleasant smile and willingness to work will always be a big help to you.

Dick Jolliffe, Joyce Graham, Marc McLean.

The El Dorado High School Student Council was extremely busy this year. Among the events sponsored was an open house on November 20 in order to give parents an opportunity to become better acquainted with teachers.

Ten representatives were selected to attend the district conference in Augusta, where they gained valuable knowledge concerning students' affairs and projects in school. Constructive action was taken in the establishment of a traffic court and an assembly committee to plan assembly programs.

Early in the second semester tentative arrangements were made to sponsor a war orphan.

Besides exploring numerous student projects the council continually works for better sportmanship.

Student Council was ably led this year by Dick Jolliffe, president; Marc McLean, vice-president; Joyce Graham, secretary.

Dear Joyce,
Been nice being in band with you this year. I wish I could drive Pat's car around.

Forensics

The National Forensics League question of 1952-1953 for debate was "Resolved: That the Atlantic Pact Nations Should Form a Federal Union." The El Dorado Debate Squad participated in the following invitational debate tournaments: Winfield, Atchison, Topeka, Shawnee Mission, Wyandotte, Hutchinson, Emporia, and Russell. Philip and Danny Thomas tied for third place in the Winfield tournament. A four speaker team composed of Paul Hawkins, Jr., and Clifton Marcum and Danny and Philip Thomas tied for third place at Atchison.

The El Dorado debate squad was also host to sixteen Kansas high schools at their invitational debate tournament on December 12 and 13, 1952. Hutchinson captured first place, with Shawnee Mission winning second. Wyandotte and Russell tied for third.

Aside from debating several members of the debate squad participated in the state forensic activities this spring.

Mr. George Shaffer is the capable and efficient coach of this fine squad.

Plays- "Dear Ruth" and "Tattletale"

On March third the Senior Class presented their play, "Dear Ruth", under the direction of Miss Doris Falen, to an appreciative audience. The two-act comedy begins with the letters that Miriam Wilkins, sixteen, had been writing to members of the armed forces. She signed the letters with the name of her older sister Ruth, and unexpected results occur when one of her correspondents returns.

Mary Elder and Myra Scott were prompters.

"Tattletale" was presented by the Junior Class on March 27. In this three-act comedy, Patty, a school girl of sixteen, just has to have a typewriter to type the script of her novel. Tod agrees to borrow one from the school office. Before they can return it, a detective is around investigating the theft! The typewriter is accidentally broken and Patty decides to sell her novel to pay for it. However, instead of the novel, Patty's diary is delivered to the newspaper office. This causes a major explosion, for in her diary Patty tells all!

Wilbur Goes to the All- School Play

Well-cast and well-produced, the all-school play, "Take Care of My Little Girl," proved to be one of the most outstanding and entertaining events of the school year. This three-act production received many fine compliments, not only because of the fine performances given, but also because of the thought-provoking plot which gave every spectator a new and different perspective on college life. It was a heart-warming play of a young girl who, although dazzled at first by the superficial glamour of sorority life, learned to recognize and appreciate true friendships.

Dear Joyce, I sure have had fun with you this year (bad pun!) I hope that you're my friend for years and years! I hope that you'll Get come out alright. Don't get sad down when a guy lets you down. Good luck, Joyce, you're really a wonderful person. You deserve everything good that happens to you. Love ya, Pauli D.

The El Dorado High School Band, under the direction of Mr. Ralph Wallingford, made an excellent showing in 1952 and 1953.

During the football season the band, for the first time in several years, entertained the crowds with half-time shows. During basketball season, too, the band was on hand to arouse school spirit.

At the spring festival and in the annual Band Regalment, our band made a fine showing.

Mr. Wallingford has willingly given many hours of hard work for the betterment of this organization. He deserves our warmest appreciation.

The officers of the band are Norma Gregersen, president; Tom Nace, vice-president; and Jayne Bailey, secretary.

For twenty-six years the orchestra has been an important part of the El Dorado High School. It is a unit much used by assemblies and special programs and is indispensable at graduation time when it furnishes the traditional "Aida". Each year our orchestra ranks high in the district contest.

The orchestra consists of about sixty members, many of whom are also active soloists and ensemble members, playing at various community functions. The group is capably conducted by Ralph Wallingford.

Lots of luck to one grand Band gal and drum major.

Kayettes Live Up To Slogan

Once again the largest organization in E. H. S. and the second largest Kayette club in the state has chalked up a magnificent record for the year. This year was especially full as the annual Kayette Conference was held here. Under the untiring leadership of its advisers, Mrs. Spann and Mrs. Frank, with the help of the Board of Directors and all cooperative members, this club has sponsored many worth causes. A few of these were the supervision of the Red Cross Drive, decoration of the school halls, the March of Dimes campaign, and Kayette Week.

This years officers were Polly McGinnis, president; Marcia Metcalf, vice-president; Joyce Klintworth, secretary; and Julie Fisk, treasurer.

Practically every girl in school takes advantage of the opportunity to participate in this organzation, and all agree that it helps one maintain the slogan of "Laugh, love and lift."

Red Peppers Supply Pep !

No one in school needs to be told about that organization of E. H. S. known as the Pep Club. If one ever attended an athletic contest in our high school, he has heard and seen this club which has a state-wide reputation for its spirit and support of our teams.

As usual, the annual hilarious initiation started the year off with a "bang" and brought in enough girls to make the club the biggest ever.

The highlight of the year and something all looked forward to was the annual Christmas Dance sponsored by this club. Our gym was

Who is the blonde that Pete Hokins has been seen with a lot lately? This sounds serious, eh, Pete?

Has everyone seen Jerry Dunivan's picture in Sloan's display window? Say, Jerry, how do you rate this?

Diane Wentling seems to have received some good news. She'll all smiles because Charlye Remmert is coming home next week.

The "three ring circus" consisting of Marilyn N. and Vernon O.; Julie F. and Dick J.; Mary Lynne D. and Dave Dennis, is on exhibition for all to see by the chemistry lab. Tell us kids, who is the star performer?

Why was Lu Wisdom dragging around the halls last week? It seems that Don had just left for the army.

Marlyn Burch seemed to be having fun last week describing one of his girl friends. We musn't be catty, Marlyn.

Carolyn Welty was about to cry talking about graduation. Carolyn, just remember that everyone has to go sometime.

Richard Burch seemed to be having a little car trouble the other night. That was a bad night for such things, Dick.

You've made a super Reporter this year & I know you'll be a success in whatever you do. Good luck to you Pat.

Joyce: (Brow) —

Well kid, congrats, just keep up the good work. You + "Bud" have become sort of a permanent fixture around town, - keep it up. Lots of luck in the future to a swell girl.

Your friends,
Gary

P.S. I'll congratulate you the 26th. Just like last year, only vice-versa.

Joyce,

Its been a pleasure working with you this year. Hate to see your seniors go. Well anyway, I wish you all the luck in the world.

Dear Joyce —

Here's wishing you - my bookkeeping class rival - the best of luck, success, & happiness possible. You're a very intelligent girl Joyce, and I know you'll succeed in whatever you do —

Dear Brow,

Well, since the fifth or sixth grade, we've plugged along together and it looks like we've finally made it. We've come all the way from "Ish-ca-bibble-di oke" to "Rah! Rah! C.H.S.!" We can never forget our "Yea, Team, Fight!" Our "Truth or Dare", Our mad crushes, Our saxophone quartets, our parties, our trips to Wichita & Emporia, Our "battle" in the Broadview Hotel and the many, many other things we've done together thru the years. Even now they tell us we're going to be on television together! Till-wonders never cease!

I hope you have a wonderful time on your vacation in California this summer. Remember to drop me a line, and kiss Paiby Grange once for me too, will you?

Jayne Bailey

Dear Joyce,

I'm sleepy!! And I can't seem to think of anything to write beyond those first two words!

Haven't we had exciting times during our high school years? I think they've been packed — crammed & crammed again!! All the many slumber-less parties we've had, school dances, & just all the times we girls have gotten together.

I'm glad we'll be double-dating to the prom — and I hope we'll have lots of fun. Putting Pat & Larry together ought to be quite a sensation. I can imagine the romps they'll raise. We'll show them — we will too!!

Wasn't it sad marching in Senior assembly yesterday. #2! It just really doesn't seem possible that we're finally graduating, does it? I don't guess I'll ever forget our dreary old "skip day"? But naturally, you might know it would be a nasty day! I think everyone kinda made fun for themselves though. If you know what I mean. Oh! — some of our Senior Classmates! — as (D.B.) would say.

Well, congrats. to a super friend!!

Love,
Glenna B.

Dear Joyce,
St Kelley has been nice know you ever since we were 7th graders and sat at the same Home economics table. Miss Hale almost scared me to death. Also I had a lot of fun at your birthday party. I want to wish a very nice girl lots of happines

Dear Joyce.

Back! Another year has gone past and as usual we have quite a few experiences together. Some of the little funny things like telling on each other to Ruth. But she thinks we're some kids.

Whoops!! Nearly over looked Easter! Ah-h-h that was the day we stopped at nearly every filling station in Wichita to find the Boulevard Theatre and see "Call me Madam". (by the way we finally found the place!) and still needed a filling station! Then the fun we have had in Jenny's basement. She used to do everything and anything but work.

Well, kiddo, hope you feel ahead the prom this year. I'll probably be seeing you around and probably we will still be looking for your flowers! No, not us two we couldn't do a thing like that.

Then last summer when we set in the middle of the bed over in Wichita and sang songs -- how crazy can you get!

All through high school we have been wonderful friends! Remember how silly we used to be! Telling our troubles to each other.

Your really a "maniac" -- Telling Ruth I dreamt and here all the time you knew better. I'll get you. Wait till after the prom this year. Gosh! I can't!! That's really going to be THE NIGHT ——

Oh, yes this year after the Mother & Daughter Banquet and all by us girls went out to 84 and had a gay ole time. Think we back got into a little trouble that night.

Joyce I want to wish you the best of everything in life. I'm sure with your wonderful personality, sweet smile, and ability you succeed in everyway. I'll always remember our high school days together. See ya around this summer.

Love ya,

Reserved

Dear Joyce,

Gosh hon, it's almost all over. Soon our "Senior Year" will end. But even though it may be ending it has left us many wonderful memories.

Just think of all the times we've double dated. After the pep club dance when we went to the Plamore with Peff and Darrow. Change of ink. That drumer can sure play "Drum Boogie." Those hard boiled eggs didn't taste too bad after all.

Then there's the night (New Years Eve) when we went to the Mambo. Sure thought I was going to drop my teeth when she said # 20 please. Oh well it was fun — especially at midnight. Remember those kisses? Ah yes - the spice of life is.

Remember that day you had your aunt's buick and we hung the clothes in the back seat so people would think we were traveling. Weren't we silly.

We were really proud of our cute little drum majorette this year. She really looked nifty

Well hon, it's been lots of fun and I hate to see it end.

Best of luck always to a real swell gal & friend.

Love you, "Lee" Wisdom '53

Dear Joyce,

Well, it looks like we won't have to study Problem Constitution, etc. much more. After all these years the big moment is almost here. We're sure going to miss those good olé' band and chorus practices, aren't we? Us kids have done so much this year -- parties, slumber (3) parties, pionics, etc. Thinking about skip day, Pat looked so funny when you pushed him off that wall backwards. Remember the Mother-daughter banquet and afterwards especially. We sure foolld Miss Houck into staying over-time back there studying, didn't we? We sure had fun tramping around at Emporia, on our heels. I never will forget the big slumber party at your house when I was doing a dance in my slip and Glenna and I were acting up. We had so darn much fun that night and morning. We'll have to have another really big one this summer and play poker like the boys do. I just can't wait for the Prom. We'll have to all get together at Wichita. I want to wish you the best of luck and happiness. Be good and I'll see you this summer.

Dear Joyce —

Haven't we had fun this year? First P.D and Mr. Breen then Secretarial training with Mr. Christy, Constitution and Mr. McCollum etc. I really didn't know you very well until this year, but I'm sure glad we got acquainted. I guess some of those serious talks we received by Emmett and Bob, but I enjoyed them anyway. I'm still trying.

Remember the day we went to Courtney's. to bad Joyland wasn't open. I'll never forget the cute trick you pulled going by Elton's house. You never did tell me for sure if he was home or not.

It doesn't seem quite possible that school will be out for us next Tuesday. Just think— we won't be coming back to this school except maybe for a play, basketball game etc. I guess it'll never be the same again. I'm glad though, and I doubt if I'll really miss it too much.

When I stop to think of it, mine been in band together for several years. You really looked nice out on the football field and the basketball court. My brother told me he thought you were the best majorette C.H.S. has had since he's been here I agree 100% with him.

Here's hoping we get together more this summer. Loads and loads of luck in the future to a really super girl.

Love Ya!!

Mary Lee

Dear Joyce,

I sure had a lot of fun in Band this year. It sure was swell having such a good drum major. I hope next year's drum majo will be able to do half as well. Don't ever forget all of the arguments we had, too.

Best of luck to a swell senior friend. Loads of success & happiness to a wonderful girl.
